Opening Ceremony of the 14 th ESSM Congress 2011	1 December 2011

Welcome from the ESSM

Hartmut Porst

Andrea Salonia

Dear Colleagues and Friends,

The 14th annual congress of the European Society for Sexual Medicine. (ESSM) will be held in Milano from 1 to 4 December 2011. We would be delighted for you to join us at this annual congress in Italy, a country with a longstanding and remarkable tradition in the field of Sexual Medicine and Andrology.

The annual ESSM congress has had between 1,500 and 2,200 attendees over the last 10 years and has become the world's greatest and most important international meeting in the field of Sexual Medicine.

As in every ESSM annual congress, the Society this year has spent much energy to develop a program covering as many multidisciplinary topics as possible, including infrequently discussed subjects in the field of biology and psychology of human sexual health and well-being. The goal of supporting translational research is at the heart of ESSM policy, to allow these advances to filter through into everyday clinical practice.

This ESSM congress will provide the most recently-updated knowledge and innovations in the field of Sexual Medicine, Andrology, Men's and Women's Health and related disciplines. This updated knowledge will be provided in many interdisciplinary round-tables, state of the art and master lectures, as well as in many poster and podium sessions.

ESSM is also proud of its unique and comprehensive educational program, which will cover all the aspects of Sexual Medicine both for beginners and for experienced physicians and researchers. This year ESSM has decided to create an educational course – the Master Course on ABC of Sexual Medicine – being presented in an extra hall over the entire Congress, and dedicated to both delegates starting out in the field of Sexual Medicine and as a refresher course for others. In addition there will be 10 instructional courses covering special topics of interest in Sexual Medicine delivered by outstanding experts to interested participants .

Be assured that the ESSM scientific committee, together with the local organizing committee, have put together an inspiring scientific program framed by memorable social events.

We are counting on you join us in December 2011 for this outstanding scientific congress. You will not regret having been there.

Warmest welcome in Milano.

Format Descriptions

MASTER LECTURE

Each lecture of 30 minutes will be given by a distinguished and renowned expert and will be devoted to a specific topic of major interest.

ROUND TABLE

These sessions will usually last 90 minutes. Some round tables are scheduled for 60 minutes. They will focus on a particular topic and present the very latest data related to it. The round table will include a maximum of four papers and time for discussion.

DEBATES

The Debate lasts for 60 minutes and is designed to cover controversial issues of a particular topic. The moderator will allow a short introduction for each topic by the respective opponents followed by a discussion on the arguments proposed. Comments, arguments, and questions from the floor are welcomed during the discussion.

EDUCATIONAL COURSES

These 90 minutes sessions present a detailed account of a chosen topic. Courses are designed to provide learning experiences that actively involve participants and will include an opportunity for informal exchange with the faculty.

ABC MASTER COURSE

The ESSM Scientific Committee along with the Educational Committee continues to enthusiastically work with the specific aim to eventually improve the cultural and educational proposal during the various sessions of the annual congress. In this context, the 14th ESSM annual congress may propose up to 10 Instructional Courses with the highest level of scientific rigor and European top experts in the different fields, dealing with surgery, hormonal replacement therapies in women and men, STDs and gender identity disorders. Moreover, as a clear cut innovation, ESSM will add a new 3-day Master Course on the ABC of Sexual Medicine to the European Continuing Medical Education opportunity for specialists in the field. The ABC Master Course – true pride of ESSM – will incorporate endo-

crinological, urological, surgical, gynecological, psychological and other diagnostical and therapeutical aspects in Sexual Medicine in order to cater for both practitioners and trainees. Further information will be published from September at www.essm-congress.org.

LIVE SURGERY

Live surgery was the top request for future ESSM congresses in the delegate feedback. Having this in mind, ESSM has thus included a 4-hours Live Surgery session across the main program of the 14th annual congress. The session is scheduled for December 4th, Sunday morning. In order to make the session more useful and exciting, we decided to dedicate it to 4 relatively-young surgeons with a good profile in the field of andrological surgery, with top international experts at their side, demonstrating cutting edge techniques and new tricks in a lively format. The use of multiple cases and experienced chairpersons will ensure interactive learning without unnecessary gaps. The surgery will be lively broadcasted from the Department of Urology of the San Raffaele Hospital in Milan.

VIDEO SURGERY COURSE

The Video Surgery Course will last 90 minutes, each video has a duration of 10 to 15 minutes. A panel of selected experts will present surgical videos showing different techniques and approaches and will discuss the details with the participants.

PODIUM SESSIONS

Podium Sessions will present the best papers accepted for the Congress by the Scientific Committee and will focus on specific topics presenting the very latest findings in this field. Each session will last between 30, 60 or 90 minutes. Each presentation is limited to 8 minutes followed by 2 minutes of discussion.

Authors are invited to submit abstracts as oral presentations, classified by topics at www.essm-congress.org

POSTERS

Authors are invited to present their latest research findings or important ongoing research as posters; these will be grouped into one of 16 general areas of research by the scientific committee. The poster exhibition is scheduled from Friday, 2 December to Sunday, 4 December 2011.

HIGHLIGHTED POSTERS

Authors are invited to present their latest research findings or important ongoing research posters. The most significant posters will be selected for the highlighted posters sessions. These 30 minutes sessions are moderated by a senior chair during lunch or coffee breaks on Friday and Saturday.

SYMPOSIA ORGANIZED BY THE INDUSTRY

Symposia organized by the Industry in consultation with the Scientific Committee will be presented on the congress days Thursday, Friday and Saturday.

CME (CONTINUING MEDICAL EDUCATION)

This Congress is seeking for UEMS accreditation to the European Accreditation Council for Continuing Medical Education (EACCME). Physicians and nurses will be accredited. EACCME credits are recognized by the American Medical Association towards Physician's Recognition Award (PRA). To convert EACCME credit to AMA PRA category 1 credit, please contact the AMA (American Medical Association). The accreditation form for International Physicians is available on the AMA website: www.ama-assn.org. Choose the button ContMed-Educ (CME) and follow the link AMA PRA.

THE ESSM PRESTIGE AWARDS

The Executive Committee of ESSM decided to establish two awards to be presented during the annual meetings of the society:

The ESSM Career Award

This award will be presented to a senior scientist who has made an outstanding contribution in the field. The Executive and Scientific Committees will decide the award winner, and the award winner will be presented during the Opening Ceremony.

The ESSM Award of Excellence

This award is presented annually to a physician or scientist under the age of 40 years (either in basic sciences or clinical practice) who has made recent exceptional achievement in the field. Special consideration will be given to applications from less-experienced researchers in Sexual Medicine. Applicants of the Award of Excellence may send a detailed curriculum vitae, including publications (impact factor of the journals is necessary) and citations (SCI 2002):

1. Andrea Salonia
Chairman of the Scientific Committee of ESSM
Email: saloniaandrea@yahoo.com
and
2. Silke Weerts
Project Manager of ESSM 2011
Email: essm@cpo-hanser.de

Deadline for applications: 1 August 2011

The award-winning scientist will present a state-of-the-art lecture as the ESSM Award Lecture during the Congress.

TIME

The time zone is UTC/GMT +1 hour

TRAVEL TO MILAN

By plane

Milan has two airports: Malpensa (MXP) is the main airport and also has intercontinental flights, while the Linate (LIN) airport serves domestic flights and some European links. The Malpensa airport is connected to Milan by the Malpensa Express train and by the coach bus Malpensa Shuttle. It takes approx. one hour from Malpensa to Milan city centre. Taxis from/to Malpensa cost approx. EUR 70 oneway. From Linate there is a bus service that goes to Central Station, which takes about 30 minutes. At 45 km from Milan you will find Orio al Serio (BGY) international airport. It is Italy's first low-cost airport with many flights for Italian and European destinations. From the airport there are 30 daily coach service runs to Milan Central Station provided by "Autostradale" and "Locatelli Air Pullman".

By train

Milan has the major railway system in Northern Italy, at the center of important national and international lines. The main station is Milano Centrale, which is found very near to the center of the city. From here trains leave for all parts of Italy and so do international connections to France, Switzerland, and Germany.

By car

Milan has the biggest Italian highway system. Milan's ring road is the end point of highway A4 coming from Turin, of the A4 from Venice and Verona; of A1 connecting Milan and Bologna, Florence and Rome; the A7 coming from Genoa and Liguria; and the A8/A9 that go to Switzerland and to Lakes Como and Maggiore. The ring road is divided in Tangenziale Est and Tangenziale Ovest.

General Information

PUBLIC TRANSPORT

Milan has a comprehensive transport network run by Azienda Trasporti Milanese (ATM). Services operate daily from 6.00 to 24.00 hrs.

Tickets can be bought from newsagents, tobacconists, most coffee bars and automatic selling machine at major metro and bus stops. No tickets available on the buses. The metro has three lines: red (MM1), green (MM2), yellow (MM3). The lines converge at Duomo, Stazione Centrale, Loreto and Cadorna.

TAXIS

Taxis are white and can be hailed on the streets. It is better to hire them at taxi ranks. Telephone booking is possible and run by cooperatives at the following numbers: (+39) 02 6767, (+39) 02 4040, (+39) 02 8585, (+39) 02 6969.

INSURANCE

The Congress fee does not include insurance. All participants should arrange for their own insurance. Health and accident insurance is recommended and has to be purchased in your country of origin.

CURRENCY

The official Italian currency is EUR. Credit cards are fitly accepted.

ELECTRICITY

Voltage is 220V AC, 50 Hz. Plugs have two or three round pins. Foreign voltage could require an adapter.

CLIMATE

The climate in Milan is moderate in winter with possible precipitation. The average temperature during the day in December is 8° Celsius.

HOTEL ACCOMMODATION

The officially appointed housing agency AIM GROUP has reserved a large number of hotel rooms in Milan. The majority of the hotels are located in the city centre. Please contact AIM GROUP for the hotel accommodation:

Yellow Line 3: get off at “Duomo”, switch to the Red Line 1 (RHO Fiera Milano direction) and get off at “Amendola” – 1 km from MIC Centre. Or stop at “Cadorna”, leave the Metro and go up to the railway station above: take the first train and get off at “Domodossola” – just 400 m from MIC Centre.

Milan, a city with a historic heart and modern vitality

Milan is the engine which powers the Italian economy, producing 10% of GDP. It is the seat of 10 separate universities and 25% of all Italian research is conducted here. Each year more than four million tourists stay in its numerous city hotels. The Ancient Romans called it “Mediolanum” since it was in the centre of the great connecting roads of the time. It is still one of Europe’s most welcoming cities, and getting here is easy: 364,000 flights a year arrive from over 200 destinations, while about 25,000 rooms are spread across 380 hotels. The system is rooted not only in manufacturing but in services, culture, showbusiness, art, cinema, television, volunteering, fashion, sport and research.

Milan also has an ancient past, as it was capital of the Western Roman Empire, and boasts a unique artistic heritage of which Da Vinci’s Last Supper, the Duomo and La Scala theatre are just a few examples. Today Milan is the modern global capital of fashion and design, a shopper’s paradise and a vibrant, fashionable city full of things to do and lively nightlife.

The ideal location for meetings and conferences thanks to its role as undisputed business and financial capital of Italy, it is also home of the financial markets and is the base for all of the country’s multinationals, making Milan a confirmed international metropolis. Its fine aesthetic traditions are upheld in new projects carried out in the city by star architects like Norman Foster, Zaha Hadid, Arata Isozaki, Daniel Libeskind and Renzo Piano. The city also enjoys an enviable setting in Lombardy. Filled with enchanting art cities, this is the Italian region with the largest natural parks and splendid lakes – like Como – surrounded by mountains, and is a paradise for both mountaineers and skiers. The region’s strong attachment to its longstanding traditions is reflected in the unforgettable flavours of internationally renowned local cuisine and wine.

We have selected some of the web sites you can surf to discover the city and get ready to make the most of your Congress days:

ESSM

European Society for
Sexual Medicine

Benefits from Becoming an ESSM Member

- ESSM offers its members a permanently updated web-site with different forums and a monthly update of the whole scientific literature of Sexual Medicine, Andrology and related medical disciplines.
- ESSM provides its members quarterly newsletter, ESSM Today which features the most recent news in the field of Sexual Medicine and focuses on key topics of interest to physicians in the field. It is intended that from this 2011 on the ESSM Today Newsletter will also be translated into the most important European languages.
- At present under the leadership of ESSM a European Curriculum for Sexual Medicine is being developed together with other medical disciplines and the Union Européenne Des Médecines Spécialistes (UEMS). This will ultimately lead, we hope, to an examination in the field of Sexual Medicine which in turn will lead to a European Qualification for Sexual Medicine.
- Since 2007 ESSM has offered interested ESSM members the participation in a two week structured course of the European School of Sexual Medicine. This course is organized each year in July in Oxford (UK) by John Dean, the ESSM director for Education.
- Besides this structured course ESSM offers at its annual congresses both instructional courses related to topics of interest in Sexual Medicine and Master Courses covering the key contents of the ESSM educational program.
- ESSM provides to its members both research grants and fellowship supports, either on individual application and after approval by the ESSM Scientific Committee.

General Conditions

Registration and Payment

Registration will be confirmed if payment is received by the Congress Office by 22 October 2011. Should payment be received after this date, you will receive your confirmation at the Congress Counter in Milan. Please bring a copy of your bank remittance with you.

Cancellations of Congress Participation

Notice of cancellation should be sent in writing only to the Congress Office CPO HANSER SERVICE. In case of cancellation by 1 September 2011 the payment will be refunded, minus a handling charge of EUR 100. No refund will be made after 1 September 2011.

Changes to the Congress Program

In the event of cancellations by speakers or other changes in the main congress program, no full or partial refund of the registration fee can be made.

Abstract Submission

The acceptance of submitted abstracts simultaneously results in binding registration of the speaker to attend the conference. The registration fee must be paid immediately after receiving the abstract acceptance. Onsite registration for presenting authors is not possible. If the author withdraws a contribution accepted by the scientific committee and printed in the abstract book, registration for the conference will be maintained and there will be no refund of the registration fees.

Supporting Program

Sightseeing tours must be paid in advance at the time of registration. Each tour or event requires a minimum number of participants. If this minimum is not reached, the tour will be cancelled and the full advance payment will be refunded. In the event of cancellation by a participant, no refund will be made. Reservations for the supporting program will be made on a first-come, first-served basis.

Force Majeure

For reasons beyond its control (such as war, strikes, lockouts, riots or any such civil disturbances, any acts of God, including but not limited to earthquakes, floods, droughts and typhoons and any other cause of circumstance of whatsoever nature beyond its control that have an impact on the arrangements, timetables or planning of ESSM congress and its corresponding activities in Milan) ESSM has the right to immediately alter or cancel the activities or events or any of the arrangements, timetables, plans or other items relating directly or indirectly thereto. No party involved shall be entitled to any compensation for damages that result from such alteration or cancellation.

Liability

CPO HANSER SERVICE is liable in keeping with diligence required of a prudent businessman, according to the laws of the Federal Republic of Germany. Regardless of course in law the liability of CPO HANSER SERVICE shall be limited to damages which are caused with aforethought or by gross negligence. However, this shall not affect the liability of the Congress organizer and of the persons or organizations responsible for providing means of transport or other services. The participants take part in all excursions at their own risk. Verbal agreement can only be considered as binding when confirmed by CPO HANSER SERVICE in writing.

Place of Performance, Venue of Jurisdiction

Milan shall be the exclusive place of performance and Hamburg venue of jurisdiction for all parties. The laws of the Federal Republic of Germany shall apply.
