Dear Colleagues, Friends and Members of ESSM,

The European Society of Sexual Medicine welcomes you to Amsterdam this year to celebrate its 15th annual congress from 6th – 8th December 2012. The scientific committee together with all the active contributors, have put together a marvellous and indeed stimulating scientific program which should leave nothing to be desired. The educational program with its ABC Master Class courses and theme oriented educational courses together with presentations of the most recent scientific data and knowledge in Sexual Medicine will be presented in state of the art lectures, round tables and poster sessions providing recent research and showcasing the fascinating achievements made in Sexual Medicine. Leading experts in the field, along with up and coming scientists and researchers, will share with you their recently gained knowledge and techniques that will benefit you in your own clinical practices.

ESSM continues in Amsterdam with its long-standing tradition to accentuate education in Sexual Medicine with dedicated sessions both for newcomers (‘greenhorns’) and any others who would like to refresh and update their knowledge in the field. The ESSM family is sure that the scientific program of this 15th annual congress will both fascinate and inspire you and will expand your knowledge in the field of Sexual Medicine.

Amsterdam has provided the perfect backdrop for this scientific congress. It cultivates the feeling of openness, free thinking and is a multicultural hot spot. It is a city that has a abundance to offer during conference breaks and we are delighted to be here. It is an enchanting time to be in Amsterdam in the run up to the holiday season. Even the Red Light District has Christmas lights of its own (not just red ones!) and seems to never shut down. With all its sparkling lights, craft-making markets, cosy cafes, unique shops, and “oliebollen” (the incredible fried dough balls) stands it is hoped that you not only take away an abundance of scientific knowledge but also an abundance of holiday cheer.

Welcome to Amsterdam 2012 for a memorable, and as always, unforgettable ESSM event!

**HOW TO GET TO THE RAI CONVENTION CENTRE**

**Arrival by plane**

Amsterdam RAI is only a 15 minute journey away from Amsterdam Schiphol Airport by car, taxi and public transport. On leaving the baggage reclaim area, you enter Schiphol Plaza, and you can follow the sign posts to find the trains, taxis, shuttle buses, and car rental. Schiphol train station is located directly underneath the airport. From here, intercities and regular trains of Nederlandse Spoorwegen (Dutch Railways-NS) can take you to Amsterdam Central Station, Amsterdam Zuid-WTC and Amsterdam RAI. Train tickets are available at the ticket office in the airport’s main hall and yellow ticket machines. The Connexxion shuttle bus, some hotel shuttle busses, as well as Connexxion bus 197 will take you to the centre of Amsterdam.

**Arrival by train**

If you arrive at Amsterdam Central Station (CS), you can take the metro 51 or tram 4 to the RAI.

If you arrive at the Amstel station, you can take the metro 51 or the busses 62 or 65, which will take you to the RAI. From Amsterdam Sloterdijk station, the best way to reach the RAI is with express tram 50. The Amsterdam RAI railway station is 300 metres from the RAI and has direct connection with Duivendrecht, Amsterdam Amstel, Amsterdam Zuid and Schiphol railway stations, which are linked to the international InterCity network. Follow the signs Amsterdam RAI when you leave the station.

**Public Transportation and Metro**

Amsterdam boasts an impressive public transport network including metros, buses, trams, ferries and trains to help you get around the capital. Trams are common in Amsterdam, with routes heading out from the centre in all directions. Trams are ideal for short journeys around the city centre, as well as for travelling to other districts. Amsterdam’s metro runs underneath the centre from Central Station to the outer districts. Amsterdam operates a full bus network, which will take you anywhere you have to go. Behind Central Station, ferries hustle their way across the River IJ, transporting passengers to various locations in the north of Amsterdam. Some specialist ferries also travel along the river to other districts of the city.
TAXIS
Taxis can be called, hailed on the street or found at one of more than 50 official taxi ranks located around the city. Please note that not all taxis accept credit cards. The ranks, identifiable by blue boards, can be found near to tourist spots such as the Dam, Leidseplein and Rembrandtplein. Space in the city centre is limited; taxis cannot stop anywhere they like.

CAR PARK
Amsterdam RAI offers parking, which is situated directly alongside the A10 motorway (S109 exit). It has the space to accommodate around 2,300 vehicles. The parking fee is not included in the registration fee and costs EUR 15.50 per day.

BANK AND ATM
Banks are open weekdays only, between 9:00 and 16:00. Bank cards using the Cirrus and Maestro systems can be used at any of the ATM machines in Amsterdam. If you need cash on your arrival in Amsterdam there are lots of ATM machines in Schiphol airport and at Central Station. Most shops and restaurants in Amsterdam accept credit cards, but not all. It is therefore recommended to either ask before you order or ensure you have a sufficient amount in cash to cover the bill. Most shops and restaurants do not accept EUR 200 – EUR 500 notes.

CURRENCY
The currency in The Netherlands is the EURO.

ELECTRICITY
The voltage in the Netherlands is 230 Volts, 50 Hertz. Sockets meet European regulations and use the two-round pin system.

CLIMATE
Amsterdam’s climate is mild. In December, the average temperature is 4°C during the day. Fluctuation between day and night temperatures is about 3°C. Rain/snow is possible.

INSURANCE / LIABILITY
The ESM Congress 2012 does not accept any liability for damages and/or losses of any kind which may be incurred by the congress participants or by any person accompanying them, during either the official activities or excursions. Delegates participate in all tours/events at their own risk. Participants are advised to take out insurance against loss, accidents or damage that could be incurred during the congress.

RECORDING
Cameras, video cameras or audio recording devices are not permitted in the session rooms. Any recording of sessions is strictly forbidden.

SMOKING
Amsterdam RAI is a non-smoking venue. Smoking is prohibited within the congress venue.

SAFETY
As in all major cities and congress venues, people should take care of their personal belongings. It is not advised to (visibly) wear your badge outside the ESM congress activities and special events.
DISCOVER THE CITY OF AMSTERDAM

Amsterdam is the capital and largest city of the Netherlands, with an urban population of 747,290 and a metropolitan population of 2,158,592. The city is in the province of North Holland in the west of the country. It comprises the northern part of the Randstad, the sixth-largest metropolitan area in Europe, with a population of approximately 8.1 million according to larger estimates.

Its name is derived from Amstelredamme, indicative of the city’s origin: A dam in the river Amstel. Settled as a small fishing village in the late 12th century, Amsterdam became one of the most important ports in the world during the Dutch Golden Age, a result of its innovative developments in trade. During that time, the city was the leading centre for finance and diamonds. In the 19th and 20th centuries, the city expanded, and many new neighbourhoods and suburbs were formed. The 17th-century canals of Amsterdam (in Dutch: ‘Grachtengordel’), located in the heart of Amsterdam, were added to the UNESCO World Heritage List in July 2010.

The city is the financial and cultural capital of the Netherlands. Many large Dutch institutions have their headquarters there, and 7 of the world’s top 500 companies are based in the city. The Amsterdam Stock Exchange, the oldest stock exchange in the world, is located in the city centre. Amsterdam’s main attractions, including its historic canals, the Rijksmuseum, the Van Gogh Museum, Stedelijk Museum, Hermitage Amsterdam, Anne Frank House, its red-light district, and its many cannabis coffee shops draw more than 3.66 million international visitors annually.

The Amsterdam RAI Exhibition & Convention Centre is conveniently located just south of the city centre. It benefits from excellent access by road and the efficient Dutch public transport system. It is within a few minutes of the city centre, and less than eight minutes from Schiphol airport, one of Europe’s busiest and best airports. Amsterdam RAI is easy to reach by car or public transport and has ample parking facilities inside and outside the venue.

OPENING CEREMONY AND WELCOME RECEPTION
Thursday, 6 December 2012 from 19.00 h
Auditorium at the RAI
The congress will be officially opened by the ESSM President and the Local Meeting Chair.

The famous Dutch piano player Jan Vayne will present some famous music pieces.

Afterwards all delegates are kindly invited to the Welcome Reception in the Auditorium Lounge for a welcome cocktail with bevageres and local snacks. The Exhibition is open during the Welcome Reception.

Jan Vayne (June 9, 1966) is a Dutch pianist. For his 4th birthday he got his first piano lessons, and he was winning competitions by the age of 10. In 1990 he obtained a soloists diploma from a conservatorium. Jan Vayne recorded more than 12 albums, and has performed in many concerts. The most famous performance was at former President of the United States Bill Clinton’s inaugural ball in 1997 at the Shakespeare Library, Washington, D.C. for Clinton’s second term in office. Jan Vayne is well known for his co-operation with one of the world leading DJs, Armin van Buuren, bringing classical music together with the sounds of trance music, and together they produced the album Classical Trancelations (a mix of Trance and classical music).

AMSTERDAM SIGHTSEEING TOUR

A tour which will include a most extensive drive through the center and the modern suburbs and will give you a good idea of the most interesting sights and monuments Amsterdam has to offer.

Price per person: EUR 26 including:
▶ Private coach
▶ English speaking guide

For registered accompanying persons the Amsterdam sightseeing tour is complimentary and necessary to book in advance. Please contact the registration counter.
GOSPEL CONCERT
Friday, 7 December 2012 | 20.00–21.00 h

NOORDERKERK, AMSTERDAM

The church was built in the years 1620–1623 to serve the rapidly growing population of the new Jordaan neighborhood. The architect was Hendrick de Keyser. After de Keyser’s death in 1621, his son Pieter de Keyser took over and oversaw the completion.

The Noorderkerk has a symmetrical, cross-shaped layout, reflecting the ideals of the Renaissance and protestantism. De Keyser’s unique design combines an octagonal floor plan with a structure shaped like a Greek cross, with four arms of equal length. Annex buildings occupy each corner of the cross, and a small tower sits in the centre of the cross. Large Tuscan pillars dominate the church interior.

The church was restored in the period 1993–1998 and is still used for Dutch Reformed Church services and for concerts.

Location: Noorderkerk along Prinsengracht canal at Noordermarkt square.

GOSPEL CHOIR AMAZING VOCAL

A group of 11 Surinamese living in the Netherlands whose hearts are set on music form ‘The Amazing Vocals’. They have toured all across Europe presenting modern standard music and, of course, their area of expertise: Gospels. The Amazing Vocals will fascinate and capture you with their voices.

→ Expect the Great – Jonathan Nelson
→ Lord I lift Versie Tabernacle – Choir
→ I will bless the Lord – Joe Pace
→ Shackles Versie Mandisa
→ Celebrate – John P. Kee
→ Moving up – unknown
→ Joy to the World – Mariah Carey
→ Jesus what a Wonderful Child – Mariah Carey
→ No matter how high – Bobby Womack and Patty Labelle
→ Silent Night – Mariah Carey

Free of charge to all registered delegates
The scientific program is structured according to days. Per day it is structured by time and room. All presenters are listed by name and the title of their presentation.

The abstract book is structured by session format. The listing starts with the podium session followed by the highlighted poster sessions. Hereafter the poster presentations are grouped in male and female sexual health.

Each 30 minutes lecture will be given by a distinguished and renowned expert and will be devoted to a specific topic of major interest.

These sessions will usually last 60 to 90 minutes. They will focus on a particular topic and present the very latest data related to it. The round table will include a maximum of four papers and time for discussion.

The ESSM Educational Committee along with the Scientific Committee continues to enthusiastically work with the specific aim to eventually improve the cultural and educational proposal during the various sessions of the annual congress. In this context, the 15th ESSM annual congress offers Educational Courses with the highest level of scientific rigor and European top experts in the different fields, dealing with andrological emergencies, everyday clinical practice in female and male sexual dysfunctions, STD and surgery. Moreover, as a clear cut innovation from 2011, ESSM has added a 3-day Master Course on the ABC of Sexual Medicine to the European Continuing Medical Education opportunity for specialists in the field. The ABC Master Course will incorporate all aspect of sexual medicine according to the syllabus including anatomy, physiology, endocrinology and psychology of sexual response, sexual development and orientation, sexual dysfunctions, and sexuality in relation to cancer and other diseases.

These 90 minutes sessions present a detailed account of a chosen topic. Courses are designed to provide learning experiences that actively involve participants and will include an opportunity for informal exchange with the faculty.

The Video Surgery Course will last 90 minutes, each video has an average duration of 10 minutes. A panel of selected experts will present surgical videos showing different techniques and approaches and will discuss the details with the participants.

Podium sessions will present the best abstracts accepted for the congress by the Scientific Committee and will focus on their specific topics presenting the very latest findings in this field. The sessions will last 30 to 90 minutes. Presentations are limited to 4 minutes followed by 2 minutes of discussion.

Authors were invited to submit abstracts on their latest research findings or important ongoing research. The highlighted poster tours were selected by the Scientific Committee based on a review of all abstract submissions. The most interesting posters are grouped by topic and presented in a 30-minute moderated tour. Each presenter has 1 minute for the presentation followed by 2 minutes for discussion. Each tour will consist of a maximum of 7 posters in the same general field and will take place during the coffee breaks on Friday and Saturday.

The affiliated national societies of the ESSM have been invited to organize symposia in their national language during the first congress day of the annual ESSM congress. National symposia will be held by the Dutch, the two French and the Spanish affiliated societies, namely WVSd, SFMS, AIUS and ASES.

Symposia organized by the industry in consultation with the Scientific Committee will be presented Thursday, 6 December 2012 prior to the opening, Friday, 7 December 2012 during lunch time and in the afternoon as well as Saturday, 8 December again during lunch time and in the afternoon.
The 15th Congress of the European Society for Sexual Medicine has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide the following CME activity for medical specialists.

The 15th Congress of the European Society for Sexual Medicine, 6–8 December 2012, Amsterdam, the Netherlands, is designated for a maximum of, or up to 15 European CME credits (ECMEC).

Each medical specialist should claim only those credits that he/she actually spent in the educational activity.

The EACCME is an institution of the European Union of Medical Specialists (UEMS), www.uems.net.

Through an agreement between the European Union of Medical Specialists and the American Medical Association, physicians may convert EACCME credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME credit to AMA credit can be found at www.ama-assn.org/go/internationalcme.

Live educational activities, occurring outside of Canada, recognized by the UEMS-EACCME for ECMEC credits are deemed to be accredited.

Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada.

In order to obtain CME credits, we kindly ask the delegates to complete the evaluation form enclosed in the congress bag. Please hand in your form at the ESSM booth in the exhibition area, the certificate (UEMS) will be distributed there.

The MJCSM is under the auspices of the European Union of Medical Specialists (UEMS) and was established by the UEMS specialist sections of Urology, Obstetrics and Gynecology and Psychiatry and functions within the framework of their respective statutes and bylaws.

The main objective is to guarantee the highest standards of health care in the field of Sexual Medicine in the countries of the European Union and associated European countries.

Examination Format

The exam duration is 3 hours and includes 100 MCQ in 5 domains of Sexual Medicine:

1. Basic science (including psychology) of the sexual response including sexual development

2. General sexual issues
   a. Impact of gender
   b. Impact of aging
   c. Sexual orientation
   d. Ethical and legal aspects
   e. Historical aspects

3. Diagnosis and management of male sexual dysfunctions

4. Diagnosis and management of female sexual dysfunctions

5. Other sexual disorders
   a. Gender identity disorders
   b. Problematic and variant sexual behaviours
   c. Impact of other conditions, including STI, cancer and cancer treatments

The content of the examination will be according to the curriculum of Sexual Medicine defined by the MJCSM. The Sexual Physician should be able to apply their knowledge to the many different situations where Sexual Medicine can benefit patients, and be prepared to use this expertise in collaboration with colleagues in other specialties.

The European Society for Sexual Medicine (ESSM) is a not-for-profit, multidisciplinary, academic and scientific organisation dedicated to male and female sexual health and dysfunction.

Benefits from Becoming an ESSM Member

- ESSM offers its members a permanently updated website with different forums and a monthly update of the whole scientific literature of Sexual Medicine, Andrology and related medical disciplines.

- ESSM provides its members quarterly newsletter, ESSM Today which features the most recent news in the field of Sexual Medicine and focuses on key topics of interest to physicians in the field. It is intended that from this 2011 on the ESSM Today Newsletter will also be translated into the most important European languages.

- ESSM has supported the creation of the Multidisciplinary Joint Committee on Sexual Medicine (MJCSM) that is working under the auspices of the European Union of Medical Specialists (UEMS). MJCSM’s objectives are to study, promote and harmonise the highest level of Sexual Medicine in Europe – both on the basic and postgraduate level. The MJCSM will determine the standards for training and assessment in Sexual Medicine. Successful candidates will be awarded on behalf of the MJCSM the title of “Fellow of European Committee on Sexual Medicine (fECSM). ”

- Since 2007 ESSM has offered interested ESSM members the participation in a two week structured course of the European School of Sexual Medicine. This course is organized each year in July in Oxford (UK) by John Dean, the ESSM director for Education.

- Besides this structured course ESSM offers at its annual congresses both instructional courses related to topics of interest in Sexual Medicine and Master Courses covering the key contents of the ESSM educational program.

- ESSM provides to its members both research grants and fellowship supports, either on individual application or supported by the National Affiliated Societies and after approval by the ESSM Scientific Committee.

Take Your Chance – Become a Member of ESSM, Now!

Seize the day, or in Latin Carpe diem and become a member of ESSM now, to take all the advantages and benefits of ESSM membership.

There are two levels of ESSM membership available:

ESSM/ISSM Membership
A combined ESSM/ISSM membership (annual fee 120 EUR) for both Sexual Medicine Societies (ESSM/ISSM) including all ESSM and ISSM membership related services, including a subscription to the Journal of Sexual Medicine which is the monthly journal of the ISSM (International) and ESSM (European), and is the leading Journal in the field of Sexual Medicine. In addition there are reduced registration fees for all ISSM/ESSM related congresses.

ESSM only Membership
ESSM only membership (annual fee 50 EUR – reduced to 25 EUR for residents in training) which includes the ESSM official Scientific and Social periodical, the „ESSM Today“, full access to the new comprehensive ESSM website:

www.essm.org

(including regularly updated scientific material, monthly updated literature reviews, the most recent guidelines, lecture recordings and presentations from past ESSM congresses), the opportunity to participate in the ESSM educational programs, and to apply for scientific and support grants and a reduced fee for the ESSM annual congress.

Formal ESSM membership applications can either be submitted directly to the ESSM or through one of the national ESSM affiliated societies. The ESSM Executive Committee is responsible for the approval of the membership application.
